Coaching For Passing Of The Chicago Fire Department Fire Safety Director Training

This study course is available one-on-one to individuals who would like additional help in studying for the test for Chicago Fire Department Fire Safety Director Training required by the City of Chicago for high-rise buildings and utilizes the Chicago Fire Department's Fire Safety Director Study Guide provided in their class. The Chicago Fire Department puts on training for 3 half days with the 3rd half day being the test day. This study course is dependent upon how much time the student wants to study after day 1 and 2 of the Chicago Fire Department training in order to prep for the test taken on day 3.
